## **EMPLOYER LIABILITY FOR INJURIES OUTSIDE OF CHAPTER 440 (COVERAGE B)**

Defending workers' compensation cases are but one of the specialties of the attorneys at McConnaughay Coonrod. As amendments to the workers' compensation statutes have reduced benefits available to Claimants, as well as attorney fees recoveries, a new focus has developed to expand causes of action against employers. Our firm specializes in defense of Coverage B claims and challenges to exclusive remedy protections afforded an Employer under Chapter 440, Florida Statutes.
